

## MORMON CATTLE MAY COME TODAY

Stake Presidency Is Relieved; Colonists Will Now Leave at Once.

The Chucupua cattle train, bringing cattle of the Mormon refugees in El Paso, is expected in this afternoon.

President Junius Romney has been released from the stake presidency of the colonies. That releases both H. S. Harris and Mr. McCallan, his assistants. Junius Romney, H. S. Harris and O. P. Brown have been appointed as a committee to distribute the refugees now here, which they expect will be concluded by the end of the month.

The delay about bringing in the horses, now at Hachita, is causing inconvenience to the colonists.

While the colonists expect to lose all they have in the world in the way of goods, by thus abandoning the colonies, there is no other alternative. They have been robbed and mistreated and even murdered until they can stand it no longer. Even the friendly Mexicans in and near the colonies live in terror. Every time they hear an unusual noise they start and shudder. When armed men come in sight, the women folk hide themselves if they can, and the men are not anxious to be seen. Since the Mexicans have broken down law, they allow their passions to rule, and they are not often brought to justice. If a Mexican sees an article in his neighbor's house that he covets, he goes and takes it if

## Here Is the Way To Lengthen Life

Manager Edwards of the Federal Life Insurance Co., Discusses Plant Juice.

Here is the statement of a prominent San Antonio life insurance man who believes Plant Juice to be one of the greatest agencies ever devised for the prolongation of life:

Mr. E. E. Edwards, of the Federal Life Insurance Co. of San Antonio, with offices 420 Central Building, says: "I believe Plant Juice will do more toward lengthening the lives of our people than any article put up. I judge this from what I know of it personally. I feel that it has added years to me. I have had indigestion and other stomach troubles for a year and now I am cured and feel that my stomach is as strong as any one's. Plant Juice has done this and I am sure that it will help people who suffer in other ways as effectively."

Plant Juice attacks and destroys all poisons in the blood, corrects diseased conditions of the liver, stomach, and kidneys, and restores them to normal action. Those who are run down and worn out get a new lease on life. They sell it at Kelly & Pollard's drug store. (Advertisement)

he thinks the owner is not powerful enough to block his way or to do him bodily injury. Prisoners are treated with cruelty. Sometimes men go out on the battlefield and kill the wounded who are unable to drag themselves to camp, using for the purpose a sword or knife, because they do not care to waste ammunition upon a man who cannot defend himself. But they don't always kill them sometimes they are just left to die. If their malice has been excited in any way then the prisoner is taken care of in a most inhuman manner, the treatment varying according to the caprice of the captor. It is told by the Mo. nans that one Sanchez was taken prisoner after having been wounded and the rebels condemned him to be buried alive. They placed him in a sitting posture in his grave, then slowly covered him as they listened to his pleadings to be shot, but there was no friendly hand to shoot him.

## Banking Service That Appeals to You

A banking service that is Prompt, Efficient and Satisfactory—that is the kind rendered by the Union Bank & Trust Company. We extend to you a cordial invitation to make use of our facilities by opening an account with us.

American Bank Building

El Paso, Texas.

### TO DRIVE A NAIL

You must not only hit in squarely on the head once but you must also keep hammering until it goes in right. It's the persistent "follow-up" that counts. Spasmodic effort in any line of activity achieves little result; you can't save much money unless you go about it systematically. Start with a dollar and a square jawed resolve to put away a certain percentage of your earnings each week or month, and you will soon have a good sized nest egg for any emergency. We pay you 4 percent interest, compounded twice a year. Come in and get acquainted.

### AVIATORS FALL INTO SEA; ESCAPE INJURY

Philadelphia, Pa., Oct. 12.—Aviator Marshall B. Reid and Henry C. Mustin, a lieutenant commander in the navy, were found today in Delaware bay after clinging for more than 15 hours to the wreck of the hydro-aeroplane in which they started yesterday to fly from Cape May to this city.

The engine of their machine exploded while it was flying at the rate of 40 miles an hour over the bay and both men and airship plunged like a shot into the water.

An oyster boat picked up the men who finally had moved to a buoy the wreckage which had been kept afloat by its pontoons.
